What Is Included

- Four scheduled solar panel cleaning visits per year.
- De-ionized water cleaning during each visit.
- Basic inverter visual check during visits where accessible.
- Bird mesh inspection where already installed or accessible.
- Priority booking support for AMC customers.
- Detailed performance report each visit.

Service Notes

- Repair work and replacement parts are not included in the AMC base price.
- Final AMC price depends on system size, panel count, roof access and site conditions.
- Recommended for rooftops near roads, construction zones, bird-prone areas or commercial sites.

Note: Actual results depend on panel condition, dust levels, weather and prior maintenance history.
