

One-Time Solar Panel Cleaning Plan

For customers who need a professional single visit cleaning for residential or small commercial rooftop solar systems.

Starting Price	From INR 799
Best For	1-10 kW rooftop systems needing a one-time cleaning visit.
Visit Frequency	Single scheduled visit
Booking	WhatsApp or call +91 8112780010

What Is Included

- De-ionized water solar panel cleaning.
- Soft non-abrasive brush cleaning method.
- Dust, loose dirt and bird-dropping removal from accessible panels.
- Basic visual inspection of panel surface and accessible rooftop area.
- Before and after service photographs on request.

Service Notes

- Final price depends on system size, panel count, roof access and dirt level.
- Repair work, replacement parts or electrical troubleshooting are not included in the base cleaning visit.
- Recommended for first-time customers who want to check site condition before choosing AMC.

Note: Actual results depend on panel condition, dust levels, weather and prior maintenance history.
